

FM Approvals is an internationally recognized certification organization which tests and certifies components for fire protection systems. Any GF product that is FM Approved is guaranteed to meet rigorous loss prevention standards of quality, technical integrity and performance. The manufacturing processes and the in-house testing facilities at GF have been inspected by FM Approvals, and are audited on a frequent basis to ensure compliance and continuous improvement.

Go beyond the core benefits of HDPE pipes FM **APPROVED Compliant** with the highest standards **GF** piping solutions **Enhanced** FM approved benefits Technical compliance Reduced insurance **GF** piping solutions premium costs · Design & Engineering • Design & Engineering Global support Globall support Safety of use Non-Destructive Non-Destructive Testing (NDT) Testing (NDT) **GF HDPE system** · Corrosion-resistant · Corrosion-resistant • Corrosion-resistant Resilience to ground Resilience to ground movement Resilience to ground movement movement
